

# S.T.E.M Scholars

Shaping the Future of Science!

## Consent to Record

I give my permission and authorize STEM Scholars to videotape, photograph, record, edit or otherwise reproduce my voice, image or likeness, and to use it in various formats and for the purposes within the STEM Scholars mission of preparing students to become leaders of STEM Fields.

Distribution methods may include, but are not limited to the classroom, television (including QCTV, broadcast, cable, and satellite), the Internet (including websites, webcasts and podcasts), print publications or any other medium now existing or later created.

I grant, assign, and convey to STEM Scholars all right, title and interest I, my heirs and assigns, may have in and to any recording made under this contract. I understand this total release of rights irrevocably means that STEM Scholars may, without limitation, exercise all ownership rights including copyrights relating to the recording(s). This term does not apply to the content of the recording.

If signed by someone other than the person appearing (such as a parent of a minor child), I warrant that I have the authority to grant this permission on behalf of the person(s) appearing.
